

U.S. Energy Casualty

Lancashire Specialty Insurance Services is part of the Lancashire Insurance Group. The group is a provider of global specialty insurance and reinsurance products offering risk transfer solutions to brokers and clients.

Lancashire Insurance Group has operations in the United States, London, Bermuda and Australia and we are fully focused on establishing long-term and mutually beneficial relationships with our customers.

Our expertise and specialised products are underpinned by our agility and strong corporate culture that ensures we offer the best possible service at all times.

Product Focus:

Lancashire Insurance US offers third party liability placements for energy sector clients including Upstream, Midstream, Downstream, and Renewables through surplus lines brokerage services. We offer tailored risk solutions on a Primary or Excess basis using Occurrence and/or Claims Made triggers, and coverage can be placed standalone or on a combined package. Primary limits up to 2/4/4 and maximum excess liability offering of \$10M Occ/Agg. Distribution is placed through appointed commercial wholesale brokers nationwide.

Coverage Forms:

- General Liability (ISO)
- Contractors Pollution Liability (Proprietary)
- Professional Liability (Proprietary)
- Follow Form Excess Liability (ISO)

Target Business

Upstream

- Oil & Gas service and construction contractors including around and down hole.
- Architects and engineers, consultants, risk surveyors, project managers, risk surveyors, non-destructive testing – consultants that do not perform any “hands on” work.
